THE PROTEST

Against the United States Causes
Trouble at Havana.

Many Business Houses in the City Re-
fuse to Sign and Are Threatened.

Weyler's Last Proclamation Causes Dis-
satisfaction—Petty Officials Furnish a
Basis for Extensive Blackmail—Tak-
en From Home at Bayonet Points.

HAVANA, March 11, via Tampa, Fla.,
March 13.—The protest against the ac-
tion of congress being circulated in
Havana for the signatures of commer-
cial houses, presidents of clubs, corpo-
rations and merchants generally, has
nearly stirred up a riot here. Many
houses refused to sign and have been
threatened, others signed under duress.
The members of the Union club threat-
en to depose the president for signing
the name of the club. The editor of
La Discusion declined to sign the name
of his paper on the ground that he had
no authority during the absence of the
director, who is in Madrid. Given the
choice of signing or cease publishing
he signed.

Gen. Weyler's last proclamation pro-
viding for confiscation of the property
of those in active or passive aid of the
rebellion is bitterly denounced by Cu-
bans. It is said to furnish the petty of-
ficials a basis for extensive blackmail
operations and also to wreak vengeance
upon Cubans generally. Under its
terms the property of any person fail-
ing to present himself in fifteen days
must be seized. Many are compelled
to flee to interior towns or to the cities
of the coasts and others who have gone
abroad awaiting quieter times and left
their homes deserted, in charge of
servants, may lose all.

A number of residents of Seiba del
Agua, Havana province, have arrived
here and tell the following story:

A large party of insurgents appeared
near their town Saturday. The Span-
ish garrison immediately took from
their homes all the Cubans in town
at the point of the bayonet, and
compelled them to stand
in line in front of the garrison.
They were in mortal terror, as the in-
surgents advanced to attack the town.
The invaders, seeing unarmed men
standing in front of the Spanish troops,
withheld their fire, and finally with-
drew without making any attack. Af-
ter this occurrence the best part of the
residents of Seiba del Agua fled to this
country.

SYMPATHETIC STRIKE.

The Tailors of Chicago Go Out—Nearly 30,
000 People Will Be Affected by the Strike.
CHICAGO, March 13.—All the union
tailors employed in the city will go on
strike Friday to assist the clothing
cutters and trimmers who have
been struggling for several
weeks to win against their for-
mer employers. The decision of
the tailors was reported by the joint
executive boards of the unions Wednes-
day night. The tailors have been will-
ing to join the 800 striking cutters and
trimmers since the first day of the
strike, but have been kept from doing
so. It is estimated there are 7,500 or-
ganized tailors here, but when this
number quits work it is believed as
many more will join the ranks of the
idle the first day. In less than a week
it is estimated that from 20,000 to 30,000
men, women, boys and girls, whose
garment work depends on the tailors,
cutters and trimmers, will be affected
by the strike. All the unions held meet-
ings Thursday night and ratified the
strike action of the executive board.

The Cutters and Trimmers' union re-
ceived a setback Thursday, when 14
members, who had been old employes
of Kahn Bros., returned to work. The
action of the men was expected by the
strikers.

MAN MISSING.

While Suffering From Temporary Insanity
Geo. W. Lysle Wanders Away From a
Hospital.

SEATTLE, Wash., March 13.—On the
night of February 14 last, while suffer-
ing from temporary insanity brought
on by spinal trouble, George W. Lysle,
formerly a member of the firm of Lysle
Brothers, prominent Cincinnati coal
dealers, escaped from a hospital in
Fairhaven, Wash., and has not been
seen since. He is supposed either
to have committed suicide
or wandering in the dense forests which
surround Fairhaven. His friends in-
cline to the former theory, though his
brother, John Lysle, an officer on the
steamer State of Washington, when
seen by a correspondent of the United
Press Thursday night, said he still had
hope that the missing man would be
found alive. Every possible searcher
is engaged in hunting him. Mr. Lysle
has a wife residing in San Bernardino,
Cal.

British Baseball Association.
LONDON, March 13.—The British Base-
ball association held a meeting Thurs-
day and elected officers. The report
of the association, which was reported
to the members, stated that last year
was a very successful one and many
new clubs are being started for the
coming season, among them one at
Crystal park, another at Wembley park.

POWERFUL SHIP

About to Be Added to the United
States Navy.

A Trial Trip of the Massachusetts to
Be Made by the Cramps.

She Will Go Into Commission in a Few
Weeks—The Cruiser Brooklyn Will Be
Finished in July—The Iowa Will Be
Launched Sometime This Month.

PHILADELPHIA, March 13.—The
United States navy will soon be
strengthened by the addition of another
powerful war vessel. On Tuesday next
the battleship Massachusetts will sail
from Cramps ship yard on her builders
trial trip. As the trial is for the pri-
vate information of the Cramp company
no guests will be aboard, nor will the
government be officially represented on
the trip by any navy officers.

The trip will consume about four
days, but the best part of this time will
be taken up in the descending to the
Capes and ascending the Delaware river
to the shipyard. If the trial is sat-
isfactory the official trial of the vessel
off the Massachusetts coast will take
place in about six weeks.

The Massachusetts was launched over
two years ago, and but for the delay in
the completion of the armor and guns,
would have been in commission long
ago. The vessel is now practically fin-
ished and if necessary could go into
commission in a few weeks.

The delay for several months past
has been due to the non-arrival of two
of the four big 13 inch rifles which
form the Massachusetts battery. Two
of these guns are in place in their tur-
rets, and one is now on its way here
from the government proving grounds
at Indian Head, and the fourth will be
shipped from Bethlehem in a day or
two. With the mounting of these guns
the ship will be practically completed.

The Massachusetts is a sister ship of
the Indiana. The big cruiser Brooklyn,
which was launched last fall, is rapidly
approaching completion and will be
finished about the middle of next July.
The sea-going ship Iowa will be
launched about the end of this month,
and it is not unlikely that President
Cleveland and some of his cabinet will
be present upon the occasion. When
the Iowa is launched she will be pushed
as rapidly as possible, and the Cramps
expect to have her in readiness for her
trial trip before the end of the year.
With the launch of the Iowa, the last
big government vessel on the stocks at
Cramps, will have been floated.

The company, however, is working
zealously to get the contract for the
construction of some of the new war
ships Japan is to build and Gen. Geo.
B. William, the Cramps agent, will sail
again on the steamer leaving San Fran-
cisco next Saturday for the land of the
mikado and he expects to bring back
with him in his pocket contracts for
several million dollars' worth of work.

Allowed to Die a Natural Death.
NEW YORK, March 13.—The commit-
tee of citizens headed by the Hon. Chas.
A. Dana, called to make arrangements
for a reunion for confederate and union
war veterans which was to have been
held in this city July 4, and a parade of
the boys in gray and blue, which was
intended to be a feature of the celebra-
tion to emphasize the disappearance of
sectional feeling between the north and
south, has finally determined to allow
the project to die a natural death.

The Venezuela Difficulties.
LONDON, March 13.—In reply to a
question on the subject, Mr. George N.
Curzon, parliamentary secretary of the
foreign office, stated that the govern-
ment had no information of the settle-
ment of the Venezuela difficulty. De-
spite Mr. Curzon's statement, a report
is credited in ministerial circles that
Prime Minister Salisbury has assented
to the formation of an anglo-American
commission that will be authorized to
settle the dispute.

Libel Suits Discontinued.
BUFFALO, N. Y., March 13.—Two
libel suits brought by Tyndale, Palmer
& De Perreits against the Evening
News, of this city, were discontinued
in the supreme court on stipulation by
the plaintiffs' attorneys. A proposition
to settle the case by compromise with-
out trial, was rejected by the defend-
ant. The suits are part of a series
brought against a number of papers
throughout the country.

Both Hands Blown Off.
CHICAGO, March 13.—While Dr. Henry
B. Berghill was experimenting with
some chemicals at 323 Center street,
late Thursday afternoon, an explosion
occurred, blowing off both the doctor's
hands and probably fatally injuring
him about the head and face. He was
taken to the Alexian Brothers' hospital.
The house in which the explosion oc-
curred was badly damaged.

Killed His Wife Then Suicided.
ABERDEEN, S. D., March 13.—Jacob
Martti, a resident aged 53, of McPherson
county, in a state of despondency
dragged his sick wife out of bed and
cut her throat, nearly severing her
head from the body. He then cut his
own throat, both dying immediately.
They leave 11 children.

Laborers for the Panama Canal.
COLON, March 13.—Another lot of la-
borers have arrived here to work on
the Panama canal. The Nicaraguan
government has issued a decree order-
ing a monthly tax levy of \$70,000 at
Bluefields.

Gen. Maceo Nearing Havana.
MADRID, March 13.—A special dis-
patch to the Imparcial from Havana
says that Maceo has re-entered the
province of Havana and is now near
San Nicholas. Gomez remains in the
province of Matanzas.

THE SHERIFF'S PRESENCE

In the Kentucky Capitol by Order of Gov.
Bradley, Caused a Rumpus.

FRANKFORT, Ky., March 13.—Owing
to complaints about the presence at the
capitol of policemen from Lexington,
Friday morning Sheriff Armstrong de-
cided, after a consultation with the
governor, to summon a posse to pre-
serve the peace and allow the police to
be withdrawn.

At 11:15 a. m. the sheriff arrived at
the capitol with eight deputies. All
except two regular deputies were prom-
inent Frankfort citizens equally di-
vided as to politics. The sheriff told
the city police to remain in the ro-
tunda.

The rotunda was cleared at 11:30
o'clock. At that hour the expelled
senators, Walton and James, were in
the house. When the sheriff and his
deputies, acting on the governor's or-
ders, went to clear the senate cloak-
room, they found Senator Blackburn
there with a crowd. The sheriff
told the senator he could stay,
but the latter replied that the
sheriff had no authority over
him or anyone else. Senator Bronston
hearing of it offered a resolution that
the sheriff and his deputies be excluded
from the senate chamber. The mayor
also ordered the sheriff out. The sheriff
was then summoned before the senate.
Mr. Bronston's speech in support of
his motion was a bitter denuncia-
tion of the governor for sending the
sheriff inside the cloak room. He
demanded the adoption of his resolu-
tion to show the governor that the sen-
ate "condemned such traitorous and
partisan interference with a body over
which he had no control."

The sheriff and his deputies and the
sergeant-at-arms stood together in the
center of the chamber during Mr.
Bronston's speech. Mr. Salyers ob-
jected to the "proposed insult to
the governor." The sheriff then
left the chamber, saying he would
go and get written authority from the
governor, who alone was his superior
as an active officer. While he was gone
the Bronston measure was referred to
the committee on rules.

The senators then left the chamber
for the house, to take part in the joint
session which was soon called to order
by the lieutenant governor. Dunlap
had not appeared to qualify.
Walton and James occupied seats on
the republican side.

The roll call showed present 139.
The reading of the journal was dis-
pensed with. The republicans did not
vote during the beginning of the roll
call and it was plain that Dunlap had
declined to qualify.

While the roll call was in progress
the sheriff returned with a written re-
quest from the governor that he, the
sheriff, use his influence as a peace
officer to preserve the peace. He and
his deputies remained in the rotunda.
The ballot resulted: Blackburn 59,
Carlisle 13, Buckner 1.

No republicans voted. The joint ses-
sion adjourned immediately. It be-
gins to appear that the democrats who
are voting for Carlisle are now the only
people who really want an election.

When the senate resumed business
the governor's note to the sheriff was
read, after which Mr. Bronston with-
drew the remarks he had made about
the executive.

FROM LAKE TO OCEAN.

A Gigantic Canal Project in Contemplation
—A Maritime Canal Co. Wants a Charter.

WASHINGTON, March 13.—In the sen-
ate Thursday Mr. Hansbrough (rep.,
N. D.) introduced a bill to grant a fed-
eral charter to a company to be known
as the Maritime Canal company of
North America. The company asks
for no bonus of any sort, but seeks
authority to construct a canal
connecting the Great Lakes
with the Atlantic ocean through a chan-
nel 25 feet deep and 300 feet wide. The
proposed canal connects Lake Erie with
Lake Ontario, and from the latter lake
or the St. Lawrence river to Lake
Champlain, and thence to the water in
the Hudson river. The charter is
lengthy and provides for the regula-
tion of traffic and tolls by the
interstate commerce commission; for
seizure for the public use and welfare;
for a rigid limitation of charges and an
annual report to the government.

In discussing his bill, Mr. Hans-
brough said he had been told that if
our congress will not grant the required
charter, the company is prepared and
will go ahead in Canada.

To Elect Senators by Popular Vote.
WASHINGTON, March 13.—The senate
committee on privileges and elections

report on the proposed amendment to
the constitution providing for the elec-
tion of United States senators by the

resolution and report will be submitted
to the senate in a few days.

PERISH IN FLAMES.

A Veteran and a Young Girl Cremated in
a Burning Building at Batavia, O.

BATAVIA, O., March 13.—A fearful
conflagration occurred Friday morning
at Batavia, eight miles from Batavia,
in which an old man and a girl lost
their lives, and the latter's mother was
seriously injured.

The house was the two-story brick
residence of Valentine Mushbacker, a
wealthy farmer, and the victims were
his daughter, Teenie, 15, and an old
man named Isler, 74, a veteran soldier,
who made his home with the Mush-
backers.

The fire, it is believed, was the work
of an incendiary, as the flames, when
discovered, appeared in several different
parts of the house at once.

The victims, occupied apartments on
the upper floor, escape from which had
been cut off by the destruction of the
staircase.

Mr. Mushbacker, finding the way to
the lower hall intercepted, in her fright
ascended to the attic and leaped from a
gable window to the ground, receiving
serious injuries in addition to numer-
ous burns. The house was entirely
consumed with all its contents.

Immediately after the conflagration
the citizens of the community dis-
patched messengers for Britton's blood-
hounds, which, however, could not be
secured, as they are now working in
Kentucky.

Mushbacker was implored by his wife
to hasten to the rescue of the daughter,
but he could not reach the chamber, all
avenues being cut off.

TOLEDO LIVERY MAN

Shot and Seriously Wounded by Ex-Cashier
Wm. Eggleston.

TOLEDO, O., March 13.—Wm. Eggle-
ston, ex-cashier of the Northern na-
tional bank, shot and seriously wound-
ed Joseph Popp, the leading liveryman
here, in a melee at Remel's road house,
outside the city, Wednesday night, par-
ticipated in by a number of promi-
nent citizens. The affair only became
public Thursday afternoon. Eggleston,
with his wife, who recently obtained a
divorce, was entertaining a lady friend,
and the intrusion of Popp and the lat-
ter's friends led to the encounter. Eggle-
ston shot to kill Popp but the revolver
was knocked down, the bullet
shattering Popp's leg. Eggleston was
severely wounded and will not be able
to leave his bed for a month.

TO RESIGN.

Officers of the Fourteenth Regiment Tender
Their Resignations to Col. Coit.

COLUMBUS, O., March 13.—Nearly all
the officers of the Fourteenth regiment
of state militia Friday tendered their
resignations to Col. A. B. Coit. This is
the immediate result of the refusal of
the senate Thursday to permit the ex-
penses of Col. Coit's trial to be paid
out of the state treasury. Col. Coit
refused to accept the resignations. The
senate Friday reconsidered the vote by
which the bill was rejected, and it will
be further considered next week. It is
likely that all the militia officers of the
state will tender their resignations if
the state senate refuses to pay the ex-
pense.

A Farmer's Experience With a Wild Cat.

PORTSMOUTH, O., March 13.—Frank
Henning, a farmer residing near the
Greenbrier district, in Madison county,
was attacked by a savage beast, sup-

ing from a church festival at Mabees.

he succeeded in beating it off with the
butt end of his whip; not, however, be-
fore he had been severely scratched.
